

WE ALL HAVE HOBBIES  
& I'M NO DIFFERENT

...BUT WHEN YOU'RE A CREATIVE  
THEY BECOME LESS "HOBBIES"  
& MORE **CREATIVE SOLUTIONS**

# CONCEPTUAL ILLUSTRATION

**Being that student** who would draw in the margins during class, whether to visualize the info or for jokes :) producing imagery surely made for good practice...

**...sharing Ideas, and Imagination.**

# INTERIOR MOCKUP

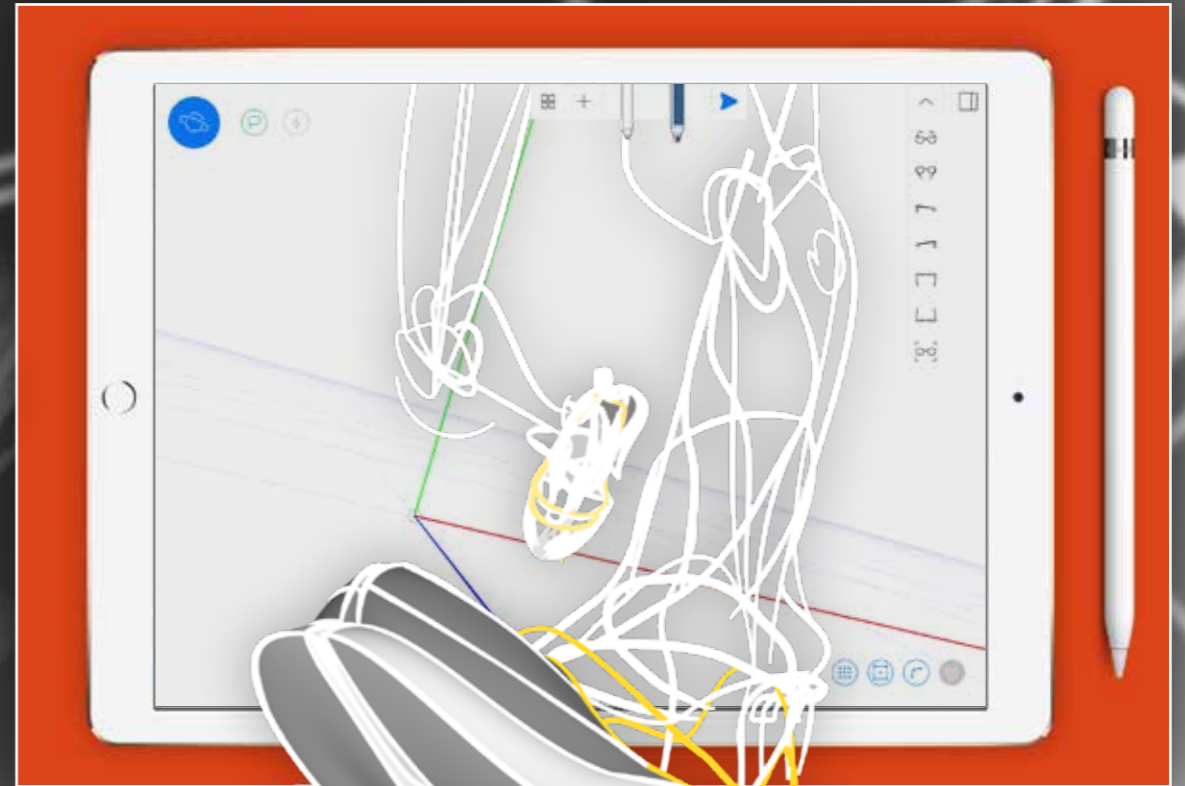

In communicating visually, and having a strong sense of perspective, Renderings like this, aid industries from Entertainment to Interior design.

**...this is envisioning, on mere paper.**

That said, **Paper** can also be "**Designed**". Depending on how its cut & folded, it creates Origami, Kirigami, and Packaging Design.

**...this is designing, with a Paper-engineering mindset.**

With our technology now pushing us to a world of **"Virtual"** abundance, leveraging the versatility of 3D apps is key. Now aiding visual communication, with tools like VR & AR...

**Umake** is my 3D app of choice, running on iPad pro & exporting in so many industry formats, that everything from sketch/modeling to presentations, can be communicated with ease.

...3D sketching on the go!

Thanks technology!!!

...And finally, at the heart of Design, that desire to capture & create the world around us, being creative in any way we can. Consulting traditional artistic mediums, and the digital ones of our modern era, we can create together...

...but enough of me rambling, lol

LET'S DO BUSINESS.
